**Southern Natural Gas Company;
Notice of Proposed Changes in FERC Gas Tariff**

October 3, 1996.

Take notice that on September 30, 1996, Southern Natural Gas Company (Southern) tendered for filing as part of its FERC Gas Tariff, Seventh Revised Volume No. 1, the following tariff sheets, with a proposed effective date of October 1, 1996:

Fourth Revised Sheet No. 136

Original Sheet No. 136a

Fourth Revised Sheet No. 138

Original Sheet no. 138a

In response to a shipper request, Southern states that this filing proposes to revise the pro rata delivery point allocation provisions (Section 13.2 of the General Terms and Conditions) of Southern's tariff in the following manner. Southern will add a step in the allocation process which will take the pro rata quantities allocated based on nominations to a shipper's FT-NN agreement and reallocate them to the shipper's FT agreement(s) up to any unutilized contract quantity. This would maximize the contract quantity remaining on the shipper's FT-NN agreement for allocation on a no-notice basis which would help the shipper minimize overall imbalances under its agreements.

Southern states that copies of this filing have been served on all shippers and interested state commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.

[Docket No. RP97-7-000]

**Tennessee Gas Pipeline Company;
Notice of Proposed Changes in FERC Gas Tariff**

October 3, 1996.

Take notice that on October 1, 1996, Tennessee Gas Pipeline Company (Tennessee) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheets, with a proposed effective date of November 1, 1996:

Tenth Revised Sheet No. 20

Fourteenth Revised Sheet No. 21A

Nineteenth Revised Sheet No. 22

Fourteenth Revised Sheet No. 22A

Ninth Revised Sheet No. 23

Fourth Revised Sheet No. 23b

Sixteenth Revised Sheet No. 24

Eleventh Revised Sheet No. 25

Tenth Revised Sheet No. 26B

Tennessee states that the purpose of the filing is to recover gas supply realignment costs (GSR costs) paid at the time of the filing, consistent with the GSR cost recovery provisions reflected in Section XXVI of the General Terms and Conditions of Tennessee's Fifth Revised FERC Gas Tariff. Tennessee states that the charges include a GSR demand surcharge applicable to firm customers and a unit GSR component applicable to Tennessee's interruptible services.

Tennessee also tendered for filing tariffs sheets to become effective December 1, 1996. Because the 36 month amortization period applicable to one of Tennessee's early incremental GSR surcharges to recover settlement costs filed for in Docket No. RP94-39 is due to terminate on November 30, 1996—one month into the quarter covered by this filing, Tennessee proposed the following tariff sheets to become effective December 1, 1996:

Eleventh Revised Sheet No. 20

Tenth Revised Sheet No. 23

Fifth Revised Sheet No. 23B

Eleventh Revised Sheet No. 26B

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.214 and 385.211 of the Commission's regulations. All such motions or protests must be filed as provided in Section
